participant's responsibility to stop participation and seek appropriate medical or professional advice.

### **3. Results Vary**

The Matrix-Q Hyperconsciousness Community is designed to offer tools for personal, professional, and spiritual development. However, individual results will vary depending on factors like personal effort, commitment, physical and mental condition, and engagement with the content. No guarantees of specific outcomes or success are provided.

### **4. Participant Commitment**

To maximize benefits, participants are encouraged to actively engage with the program's activities, workshops, and coaching sessions. However, it is the participant's responsibility to manage their own level of participation and commitment.

### **5. Use of Materials**

All materials, methods, and content provided by Matrix-Q, including digital content, workshops, and coaching, are proprietary and protected by copyright. The content is provided for personal use only.

### **6. Privacy & Confidentiality**

Matrix-Q is committed to protecting the privacy of its participants. However, live events, group coaching sessions, or community interactions may involve sharing personal information in a public or semi-public forum. Participants are encouraged to use discretion when sharing sensitive information, and Matrix-Q will not be responsible for the dissemination of personal information shared by participants.

### **7. Membership Circular System**

Membership in the Matrix-Q Hyperconsciousness Community is part of a circular system, where monthly membership fees are converted into credits. These credits accumulate over time and can be redeemed for workshops, retreats, events, and other services.

Membership fees are used to produce and deliver digital content and services to members, with no refunds provided once the content or services are delivered. Accumulated credits are non-transferable and non-refundable, and they must be redeemed for available events or services within the membership program.

If a member cancels their subscription without redeeming credits, they lose their accumulated credits, and these cannot be restored or transferred to other members.

### **8. Accumulation of Credits and Redemption**

Membership tiers allow participants to accumulate credits with each monthly payment. These credits can be redeemed for various workshops, programs, and events. The more months subscribed, the larger the total amount available for redemption.

When members choose to redeem their accumulated credits for services or events, their credit balance resets to zero and begins accumulating again with the next monthly payment.

Participants have the flexibility to choose when to redeem their credits, allowing them to save credits for more valuable or significant events. However, if no redemption occurs and the member cancels their subscription, the credits will be forfeited.

## **9. Loyalty Rewards**

Participants are eligible for both individual loyalty rewards and group collective rewards.

**Individual Loyalty Rewards:** The longer a participant remains subscribed, the higher the loyalty reward they receive when redeeming credits. For example, a member who has accumulated €250 in credits might receive an additional voucher of €50 upon redeeming their credits.

**Group Collective Rewards:** When the community collectively reaches a certain threshold in monthly membership contributions, all active members are rewarded with group events, workshops, or other benefits. The size and nature of the group reward will depend on the total contributions of all members for that month. Participation in these group events is optional, but there will be no refunds or compensation if a participant cannot attend.

## **10. VIP Membership Tiers**

VIP Membership tiers offer exclusive benefits, including access to premium content, private coaching, and exclusive events. Members of the VIP tiers are provided with additional credits, services, and opportunities for deeper engagement in the community.

VIP members are still subject to the same circular credit system and must redeem their credits within the scope of the available services.

## **11. Non-Refundable Policy**

All membership fees are non-refundable. Members agree that monthly fees contribute to the development and delivery of digital content, events, and services. Once content or services are provided, refunds are not available, even if the member does not engage with the content or redeem their credits.

## **12. Loyalty Rewards Based on Development Stages**

Matrix-Q employs a Loyalty Program based on participants achieving specific milestones in their personal development. This program includes 12 levels of loyalty archetypes, and members can earn additional vouchers, badges, points, or other benefits by demonstrating mastery of specific skills, techniques, or milestones within the Matrix-Q methodology.

For example, if a member shows proficiency in mastering a particular technique, they may receive a new voucher or reward, acknowledging their progress. These rewards are based on their commitment and engagement with the program content and reflect the stages of their personal development journey.
